> If the entire world's stock of silver dollars (3,500,000,000) were exchanged for American labor and products, how much would we get? Fifty dollars per capits, or a mere trifle more than the letter. This time it is in answer to

Just think of it! To accomplish such exchangeable into a gold dollar?" a result we must deplete the treasuries half of its specie wealth and contract its volume of money correspondingly.

Yet, this is the dire prediction of the gold standard advocates in the event good faith of the executive authorities, of the United States adopting bi-Do you believe such a result would

follow our return to a bimetallic poliey? And, if you do, would you not be quick to vote for a financial policy that Even Bismarck is what the money would practically give to us one-half ower would call an "anarchist." It is Let us examine into our stock of gold. There are no available proofs that we possess a gold stock of \$350,-

300,000, or five dollars per capita. But, for arr unsent sake, I will admit of such a stock on hand.

those enlightened countries, Spain, Pertugal, Italy and Mexico. Would you, with your eyes open, vote for such a policy? And yet this is what confronts us if the gold standard

To prevent such degradation our only present alternative is bimetallism. The government statistics give us \$21 per capita, and the great press of the country refer with great gusto to that magnificent (!) showing, one-half of

500,000,000 and odd silver dollars which go to make up the per capita were only secured to us after a fierce resistance from the gold advocates and a most determined fight on the part of the friends of silver. Had the gold men been victorious in that contest our per capita would have been reduced at

it was through their efforts that the cause they fear that you may get on to the system they propose establishing to enslave you in the event of their be-

feal time.

Let us see. Were they right when, which they now point with so much pride as part . four volume.

Were they right in 1893, when they exacted of the executive and their congressmen the repeal of the Sherman law? Do you recall how they sullsted every banker, broker, manufacturer, corporation attorney, board of trade and chamber of commerce in the country to join in the demand for the repeal, stating that if done prosperity would immediately follow.

They, as well as every financial studistressing condition prevailing are the dent in the country, knew they were lying then as they are lying now, and Orehard streets, near the old bignt that instead of prosperity their policy | mill, in Richmond. Custom grindhas been and will continue to be misery and starvation for the masses. They now have the audacity to again

> again are calling to their aid all the bankers, brokers, manufacturers, highpriced ministers, union generals (who advocate in their reports more soldiers to better enable the masters to intimidate and coerce), boards of trade, foreign-owned newspapers, corporation attorneys and all other influences to force us to a continuance of the serfcreating single gold standard. The question for you to decide is, will you follow their advice and plunge
